The Golden Text in the Sunday Lesson-Sermon on "Love" in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston, is from Jeremiah: "Let him that glorieth glory in this, that he understandeth and knoweth me, that I am the Lord, which exercise lovingkindness, judgment, and righteousness, in the earth: for in these things I delight, saith the Lord."  
A Lesson-Sermon selection from Matthew reads, "When Jesus was come into Peter's house, he saw his wife's mother laid, and sick of a fever. And he touched her hand, and the fever left her; and she arose, and ministered unto them. When the even was come, they brought unto him many that were possessed with devils; and he cast out the spirits with his word, and healed all that were sick."  
Mary Baker Eddy writes in the Christian Science textbook, "Science and Health with Key to the Scriptures": "God is not the author of mortal disorders. Therefore we accept the conclusion that disorders have only a material existence, are mortal beliefs which divine Truth and Love destroy."

**TOWNSEND CLUB NO. 1**  
By LOTTE WADE  
Torrance Townsend Club No. 1 will hold its semi-monthly business meeting July 28 in the Men's Bible Class hall. After the business session there will be games, refreshments and dancing with readings or other activities which may be suggested for amusement. The social night on July 21 was well attended with visitors from Hawthorne. We were especially delighted with the presence of Mr. and Mrs. Frank Andrews after their serious illness and accident. After the usual singing of America, saluting the flag and repeating the Lord's Prayer, the secretary read her report and treasury report, also a letter from Mr. and Mrs. James Sellers, club president and wife, saying they are leaving for California in a few days after their delightful visit to the east coast. Bunco was then played, refreshments served and dancing filled the remainder of the evening. Two new members were enrolled.

**Only Two Grades Of Live Poultry Now, Says OPA**

OPA's new ceiling prices for live poultry will be based on two instead of the former three grades hereafter, it has been announced. No change in prices will result.

In line with the new standards for live poultry set up by the Department of Agriculture, the two new grades "1" and "2" will be used hereafter. Former designations called for "A," "B" and "C" grades. "C" grade is now dropped.  
In OPA ceiling pricing there are now grades 1 and 2, with grade 2 live poultry selling for four cents a pound less than grade 1.

**SNOW PACKS NORMAL**  
California snow surveyors this spring discovered that snow packs as a whole measured only about 75 percent of normal, which means there will be no water to waste. Greatest depth of snow on the ground checked by the surveyors was found in Southern California mountains.
